Brief on- Exploring Inspiration Economy

The book explains the relation of *Behavioural Economics based Inspiration* that use the Intrinsic powers of (individuals, organisations and communities) to address socio-economic needs. The book shows how the concept have been developing rapidly in the last few years with its more differentiated *live labs applications* that are influencing the quality of life and the development of many communities.

This edited book is a collective of published papers and articles in different peer-reviewed journals and conferences. The idea behind this work is to show and follow the progress of one of the new coming behavioural economy fields that is *Inspiration Economy*, as rapidly developing *socioeconomic concept* that might create a differentiated outcome in the coming years. It is a reference book for those interested in understanding how *Inspiration Economy labs, Inspiration Currency, Inspirational techniques of Problem Solving as Differential Diagnosis and Complex Models*, are handled, developed and optimised. The papers show the relation also between Inspiration Economy and the supporting coming economies as Youth Economy and Resilience Economy and how they *address the world future foresighted needs in unique ways*. The opportunities *developed in the chapters* of the book show how much *we humans can change positively the fate of humanity*, if we realise, discover and capitalize on the opportunities around us in *effective creative ways*.
